Memorial Park and Funeral Home

Selecting a permanent memorialization location is an important component of your final arrangements, and a lasting legacy to leave your loved ones. By asking the right questions, comparing prices and services, and making informed decisions, you can make arrangements that are meaningful to your family and control the costs for yourself and your survivors.

People travel to the cemetery to spend time with their loved ones. They receive comfort from a small plot of land or niche. People once held and loved by their families are now held and loved by the cemetery. Each person we bury has a story that is buried along with them. Grieving family members are left behind to continue to tell their tales. This is why cemeteries exist.

We are here for the living, those left behind after death or those in pursuit of connecting with the past. Far from dead, the cemetery is alive with activity and people.

Nothing will change the pull people feel towards Ivy Lawn Memorial Park and Funeral Home. It is truly a place to come and remember, to walk, to pray and to play.

It is our sacred honor to be the caretakers of these grounds so they continue to be a place for those seeking solace or safety to visit.

At Ivy Lawn Memorial Park and Funeral Home, we offer direct burial which does not include a casket or embalming.
